Colour range

Besides the offered options, we are able to produce any colour alternative according to your needs

Wooden folding ruler, type Block 52

- 10 wooden parts – 2 m, with dimensions of 3.2 mm x 16 mm
- material: beech wood / hornbeam
- hidden steel joints, visible rivet

1 **Colour design** – double-layered water-soluble paint. UV environmentally friendly coating of the top layer protects the ruler from the eff ect of thinner.

2 **Nature design** – water-soluble lacquer sets off natural grain of the wood. UV environmentally friendly coating of the top layer protects the ruler from the eff ect of thinner.

Imagination has no limits – we are able to produce rulers of any colour according to Pantone.
